

## Fenwick® Eagle® GT Triggerstik

Classic Fenwick® performance at an entry-level price. Now any angler can step up to a performance rod. Whether you're a beginner or a seasoned angler, the Fenwick® Eagle® GT IM6 graphite series is built with the same legendary philosophy as the HMG® series. With an action tailored to the application, it's a rod whose performance far exceeds its price. The Fenwick® Eagle® GT is also constructed with Hard Chromium SS304 Guide System which is 20 times tougher and up to 55% lighter than conventional aluminum oxide guides. Soft, sensitive tips detect even the slightest takes, while powerful butt sections help gain an advantage over any fish.
