

FRESHWATER
Avid Series

YOUR MOTHER-IN-LAW COMES TO TOWN *and* YOU GO FISHING.
SO SOMEONE EXPLAIN HOW
MOTHERS-IN-LAW GOT A BAD RAP.

Fishing is the most important thing. Whatever gets you fishing more is good. Even if she has never once had a nice thing to say about you. Or your collection of Avid Series® spinning rods. Perhaps she doesn't know they're built from high-modulus SC^{III} graphite blanks and trimmed out with Fuji's Alconite® Concept Guide System. She could be completely unaware they deliver a combination of strength, durability and a light, sensitive feel that makes their price downright impressive. If she knew all that, she would probably change her mind completely about your worth.
